

Office 365 for Business

Communicate, create and share in the cloud

Are you satisfied with your communication and collaboration tools? Do you find yourself spending too much time making technologies work for you when they should be supporting your business? Don't worry, we hear you.

That's why we at Interware recommend Microsoft Office 365. Office 365 is a cloud-based service hosted by Microsoft that brings together familiar Microsoft Office desktop applications with business-class email, shared calendars, instant messaging (IM), video conferencing, and file sharing. With Interware, you'll receive secure, enterprise-grade tools and comprehensive IT support for an affordable monthly cost and no upfront infrastructure investments.

Get your work done faster from virtually anywhere, working with the Office you already know!
